

**Inspire HQ have been engaged to provide individualised advice on Human Resource issues and staffing challenges.**

**SESSIONS CAN BE DELIVERED FACE TO FACE OR OVER ZOOM.**

## **ABOUT THESE SESSIONS**

These sessions will be tailored to suit business needs based on a pre-session questionnaire where we will gather feedback on key issues regarding HR, staffing matters, priorities and what each individual business wants to achieve from the session.

Sessions will be interactive allowing businesses to ask questions and gather the advice that they need.

Businesses will then receive an individually tailored action and advice plan based on discussion and advice covered in the session.
